

## Speaking Task

In this task, you and your partner will engage in a conversation about job skills and preferences. Take turns asking and answering the following prompt questions. Try to provide detailed responses and engage in a meaningful discussion. Remember to actively listen to your partner's responses and ask follow-up questions to keep the conversation flowing. The total duration of this task should be approximately 15 minutes.

- What skills do you think are important for success in the modern workplace?
- Which job skills do you think are in high demand today?
- What kind of work environment do you prefer? Why?
- What factors do you consider when choosing a job?
- What career aspirations do you have? What kind of job or profession are you interested in pursuing in the future?
- How do you think technology has influenced the job market and the required skills?
- In your opinion, what role does communication play in the workplace?

- How do you balance personal values and career aspirations when making job choices?
- How can you stay motivated and continue to grow professionally in your chosen field?
- What steps do you think individuals can take to improve their skills and stay competitive in the job market?
- How do you envision the future of work? Are there any specific trends or changes you anticipate?
- Do you think cultural diversity in the workplace brings any advantages? If so, what are they?
- Do you think it's more important to specialize in one area or to have a diverse range of skills in the job market? Why?
